Australia's Top End offers everything in abundance—nature, culture and characters abound.

Vast distances are covered in style and comfort with professional small-group touring specialists who can connect any number of our wilderness lodges, station stays and nature resorts.

Bamurru Plains

Immerse yourself in one of the Top End's most exclusive luxury lodges, Bamurru Plains, Australia's answer to the Okavango Delta. Its coastal floodplains are home to prolific birds and wildlife and nearby Kakadu and Arnhem Land is the heartland of Australia's Indigenous culture. 10 stilted tent-style bungalows, each with horizon-ending floodplain views, Bamurru exudes 'wild bush luxury' with its understated and very natural style.

Bamurru offers one of Australia's richest wildlife experiences, where thousands of magpie geese mingle with kites, egrets, buffalo, agile wallabies, crocodiles and barramundi. Expert guides take guests on thrilling airboat rides, fishing trips, four-wheel drive safaris, helicopter flights and rock art tours to sacred and remote Arnhem Land.

In the heat of the day, relax in the pool overlooking the floodplains as buffalo wallow. In the evening, sit back with a sunset drink and enjoy the wild bush luxury touches.

- Glide by airboat through fields of lotus lilies and enchanting paperbark forests.
- Wake at dawn and watch (from the comfort of your bed) the parade of wildlife emerge to feed on the floodplain.
- View buffalo, wallabies, crocodiles and the incredible birdlife of the tropical savannah from your open-top safari vehicle.

Bullo River Station

An Australian cattle station (ranch) conjures a very special image—hot, thirsty plains, teeming wildlife, snaking bronze rivers, a vast blue sky and dusty stock camps. Bullo River Station fits this image like a glove.

This half-a-million-acre cattle station of grassy plains produces Brahman-cross cattle. It's also home to curious wallabies, saltwater crocodiles, rugged hills inscribed with ancient Aboriginal rock art, crystal clear swimming holes, majestic boab trees, clever stock horses and wild buffalo. And there are always great Aussie yarns (Stories) to share.

Choose from fishing, horse riding, quad (four-wheel motorbike) biking, four-wheel-drive safaris, cruising along the gorge or exploring the beautiful landscape by helicopter. You can even join in on a real cattle muster. There's no better place to experience a quintessential Australian outback station.

- This is not a choreographed experience but one that changes according to station life.
- One of the truly special experiences at Bullo River is a trip to the cascades to swim in beautiful waterholes so remote they're only accessible by helicopter.
- The chance to try some of the best fishing in Northern Australia shouldn't be missed.
