## TOUR DESCRIPTION

### Day 1: Darwin - Kakadu National Park

Join us on the adventure of a lifetime as we uncover the very best **Kakadu** has to offer.

We leave tropical **Darwin** travelling through the rich floodplains towards **Kakadu National Park**, this 20,000 square kilometre area teeming with wildlife, important Aboriginal rock art sites, and diverse landscapes.

Our first stop of the day is an optional **Jumping Croc Cruise** on the **Adelaide River** or a visit to the **Fogg Dam Conservation Centre**. The traditional lands of the Limilngan-Wulna people (who are active in the reserve's management) are one of the most spectacular places to explore the diverse wildlife of the Top End, home to numerous species of birds, turtles, water pythons and of course the iconic **Saltwater Crocodile**.

We'll stop in at the **Bowali Visitor Centre** to learn more about the rich indigenous culture and history of this special place and break for lunch (at guests' own expense). We'll visit the famous **Cahills Crossing** in search of crocodiles at this eye opening stretch of water, the only road access point between **Arnhem Land** and **Kakadu National Park**.

Visit the **World Heritage Listed**, sacred site **Ubirr rock art**. Home to some of the oldest and best preserved rock art galleries in the world. Dating back some 20,000 years and discover the hidden secrets with a guided walk.

#### WEATHER

The weather in the Northern Territory can fluctuate and be extreme. It is not unheard of for temperatures to reach over 40+ degrees Celsius in the dry season and in the evening the temperature drops dramatically. Please ensure you have checked the average temperatures for the time of year you are travelling and have packed adequate clothing. In the event of rain or inclement weather, your experience will still go ahead, unless contacted by the provider.

#### NOTES

- Itineraries may vary to adapt to seasonal changes and occasionally spots in the parks close or do not allow swimming. As safety is our top priority we plan accordingly to ensure our guests have the most fun and best experience possible while on tour.
- A moderate level of fitness is required to complete the walks.
- Child policy 6 years old and over, not suitable for children 5 years old and under.

**TOUR DESCRIPTION**

**Day 1: Darwin - Adelaide River**

Join us for one of Darwin's most iconic must do activity... a ½ Day **Aboriginally owned Jumping Croc Cruise** on the **Adelaide River**. Departing the city, we journey about 60km South East towards the Marrakai wetlands, home to not only an apex predator, the crocodile, but 117 different species of reptiles and 280 different types of birds.

A truly exhilarating and unique experience for our guests to get up close and personal to some of nature's most aggressive and dangerous wildlife located in the naturally occurring waterways of the **Northern Territory**. It is said that Australia's Top End hosts over 100,000 saltwater crocodiles predominantly in and around the **Darwin, Adelaide River** and **Mary River** areas. So there is no need to worry, you be sure to See the biggest reptile in the world and oldest creature to walk the planet since dinosaurs, these prehistoric beasts growing up to 6 meters in length (the size of a small bus) and can weigh up to 1000kg. An infamous crocodile called "Sweetheart" was captured not too far from the **Adelaide River** after repeatedly chewing the motors off the back of fisherman's boats and stealing the farmers cows. Sweetheart unfortunately passed away and can now be seen taxidermied in the **Darwin Museum**.

Our jumping crocodile cruise partners are highly trained to ensure the safety of both the crocodiles and passengers at all times. **Crocodiles** are fed buffalo meat, so that guests can see first-hand the powerful and spectacular hunting techniques of a saltwater crocodile. All staff are issued with **Wildlife Permits by National Parks and Wildlife** for our interactions and no animals are harmed in any way during our wildlife interactions.
